PETITION

TO

THE MINISTER FOR PLANNING

IN THE GOVERNMENT OF VICTORIA

We the undersigned citizens, ratepayers and voters in the State of Victoria are totally opposed to any Legislation that will result in undermining or removal of the authority of local Councils over planning amendment process in the State of Victoria.

We therefore respectfully request that the Planning & Environment Act 1978 (General) draft bill be revised to ensure that all reference to the appointment of authorised persons to prepare planning amendments or conduct planning consultation and approval process in place of Victorian municipal Councils be deleted.
